Maintenance Recommendation

To preserve the long-term beauty and durability of your stone or brick veneer, we strongly recommend the application of our premium **SAU Sealer** or **PBM Masonry Water Repellent**. These protective coatings are formulated to help minimize common issues such as efflorescence, mold, and mildew. For optimal results, ensure proper application and schedule regular maintenance as needed. For detailed product information and professional guidance, please contact our sales team.

Capturing the charm of aged masonry, **Old Brick (OB)** bring a rustic appeal to any space. Their weathered textures and varied tones are perfect for projects aiming to evoke a sense of history and timelessness.

Every piece of Overburnt Bricks tells a story - shaped by fire and marked by natural variation. The rich tones, unpredictable textures, and irregular edges offer a rustic authenticity that can't be replicated. Perfect for garden paths, courtyards, and feature walls that embrace imperfection as beauty.
